MEHUL DAS

Full Stack Developer

(Frontend and WordPress)

I owe 10+ years of experience in niche of web and front end development. Good hands with HTML5, CSS3, SASS / LESS, jQuery, Javascript, Gulp, Bootstrap, Foundation, Wordpress, Woocommerce.

A highly motivated and ambitious individual able to give timely and accurate, advice, guidance, support and training to team members and individuals. Possessing excellent management skills and having the ability to work with the minimum of supervision whilst leading a team of twelve or more. Having a proven ability to lead by example, consistently hit targets, improves best practices and organizes time efficiently. Excellent work quality you will find with me and of-course it will achieve in timely manner.

My expertise is focused on Team Leading and Project Management but If needed I caan do web development and front-end development as well.

EDUCATION

2006-07 **Bechlor of Arts (B.A.)**
Gujarat Univercity, India

2007 **ACT Computer Education**
Private Institute similar to Diploma

WORK EXPERIENCE

July 2009
April 2011 **Nexttech Group**
Worked as Web Designer
Here I started my career and a fabulous environment was provided, where I learnt a lot and gave me a platform to become a front end developer. The company was organized training session with the help of senior developers, which help to improve my coding and design skills.

WORK EXPERIENCE

August 2011
February 2013

E-Solution Technology

Worked as Sr. UI Developer

It was a amazing experience during this period and I am very thankful to company to give me a platform, where I make myself to open in all directions and thinking and as a result I am a great developer in market. It's gave me chance to work on many new open-sources and frameworks, using help of these I added quality experience in my profile. Also I improved my communication skill and technical skills

March 2013
Continue..

Freelancer / Consulting

Working as Technical Leader and Project Manager

There are so many challenging projects are coming and those give me a very challenging tasks, which will help to shine my profile. I need to handle the team and communication with clients. Many times, I need to work till late night to provide satisfied output to our clients but that was not forced by the company. I just want to initiate about my roles and responsibilities. I never run away from my duties.

It's has been a marvelous experience during this tenure and I wish to continue as a same profile in future as well.
